Hi Adam -

Let me offer more information. I come from the City and only took this position because they came to me - - - the "schedule" that was presented/left for me indicated that June is when the first trimming should take place - so, the Board said yes and we contacted Stay Green for a BID.

After the announcement went out, as I already mentioned we received many, many calls and emails ALL TELLING/SUGGESTING that "June is not the appropriate month" - and in the end, we must maintain a positive relationship with the community.

I really am sorry if you are put in a negative position with your subs - and you are welcome to put the blame on me and assure them they will be used in August.

Why is it not permitted. The palms can be trimmed anytime of year.

It is evidently not permitted at this time of year.....three arborists have contacted me.

We do not want Litigation.

**Subject:** Re: Tree Trimming- Studio City

Adam,

Thank you for your response! Next Monday, June 4th, is okay. We will notify our property owners.

Will you begin on the west side (near Coldwater Canyon) or east side (near Carpenter) of our district?

Best,

Damien,

I just spoke to Adam. He will be in contact with you  
regarding the trimming shortly.

Sorry about the mix up in communication.

Thank you,

 Staygreen
